

## Women In Leadership Development

We are pleased to announce that the 20th Annual Women In Leadership Development (WILD) Conference will be held at the **Hilton East Brunswick** on **Friday, March 13 - Saturday, March 14, 2026**.

Every year, with the support of our CLCs, BTCs, and affiliates, our annual WILD conference plays an instrumental role in ensuring that union women have every opportunity to further develop their leadership tools in their workplaces and in their unions.

Together, we will foster diversity within the labor movement, while providing new members with the opportunity to meet and network with experienced activists. This year's conference features several esteemed speakers who will offer their insight into the issues that women face in today's workplace.

WILD conferences provide growth and sustainability for the labor movement, as we educate the next generation of leaders, and empower women to become active members in their locals.

We thank you for your continued support.

#### “Harnessing the Power of Lean In Circles”

Lean In Circles bring women together in a powerful blend of leadership and peer support, creating spaces where union women across all sectors can grow their skills, strengthen solidarity, lead with confidence, and bring growth to their unions.

Our session, “Harnessing the Power of Lean In Circles,” is designed for union women and labor leaders who are committed to elevating the voices and leadership of women throughout the labor movement. This dynamic workshop explores how Lean In Circles can address the unique challenges tradeswomen and union sisters face, foster community and mentorship, and create pathways for more women to step into leadership roles.

Participants will engage in a live Lean In Circle experience, learn practical strategies they can bring back to their locals, and discover how Circles can strengthen engagement, build connection, and support the development of women across industries.

Empower your sisters. Strengthen your union. Advance women's leadership in the labor movement.
